Referee

He has contributed to a chapter of the **Encyclopedia of Occupational Health and Safety**, published by the International Labour Organization in Geneva, with a presentation entitled "Health Care Facilities and Services: Specific Buildings Requirements".

He wrote in 2005 the **textbook on Programming and health organization**, which sets a benchmark for the training of students of different affiliation and for the retraining of health professionals ; was editor of the work, author or co-author of seven chapters. In 2010 it came out the second edition of the textbook.

He has focused his research mainly on:

- Health Services Research and studies in support of the Planning and Organization of Health Services, with particular reference to different topics of primary health care (redesigning the primary care practices, characterizing health care needs and monitoring clinical pathways for chronic and complex patients, analysis and evaluation of Long Term Care programs);
- Promotion and development of the management culture in health care (Health Economics, Quality in Health Care and Applied Epidemiology studies);
- Indoor pollution in hospital and non-hospital environments;
- Other topics on General and Applied Hygiene.

2017

8-13 June 1998

National Research Council of Italy, and Harvard School of Public Health, Fontane Bianche Siracusa (Italy)

Mediterranean School of Medical Statistics and Clinical Epidemiology
Department of Epidemiology and Medical Informatics
Certificate of attendance in "*Biostatistics II*"

8-13 June 1998

National Research Council of Italy and Harvard School of Public Health, Fontane Bianche Siracusa (Italy)

Mediterranean School of Medical Statistics and Clinical Epidemiology
Department of Epidemiology and Medical Informatics
Certificate of attendance in "*Epidemiology II*"

21-26 June 1999

National Research Council of Italy and Harvard School of Public Health, Fontane Bianche Siracusa (Italy)

Mediterranean School of Medical Statistics and Clinical Epidemiology
Department of Epidemiology and Medical Informatics
Certificate of attendance in "*Applied Linear Regression*"

21-26 June 1999

National Research Council of Italy and Harvard School of Public Health, Fontane Bianche Siracusa (Italy)

Mediterranean School of Medical Statistics and Clinical Epidemiology
Department of Epidemiology and Medical Informatics
Certificate of attendance in "*Categorical Data Analysis*"

19-24 June 2000

National Research Council of Italy and Harvard School of Public Health, Fontane Bianche Siracusa (Italy)

Mediterranean School of Medical Statistics and Clinical Epidemiology
Department of Epidemiology and Medical Informatics
Certificate of attendance in "*Categorical Data Analysis II*"

19-24 June 2000

National Research Council of Italy and Harvard School of Public Health, Fontane Bianche Siracusa (Italy)

Mediterranean School of Medical Statistics and Clinical Epidemiology
Department of Epidemiology and Medical Informatics
Certificate of attendance in "*Analysis of Longitudinal Studies*"

19-24 June 2000

National Research Council of Italy and Harvard School of Public Health, Fontane Bianche Siracusa (Italy)

Mediterranean School of Medical Statistics and Clinical Epidemiology
Department of Epidemiology and Medical Informatics
Certificate of attendance in "*Categorical Data Analysis II*"

18-22 August 2003

Erasmus Medical Center. Rotterdam, The Netherlands

13th Erasmus Summer Programme

Certificate of attendance in “Regression Analysis”

**PERSONAL SKILLS AND
COMPETENCES**

Expert on the issues of the organization and planning of health services.

Expert in epidemiological evaluation in hospital and community care.

High technical skills in specific projects, as evidenced by the duties assigned and the activities carried out.
